How this activity helps?

*Your spatial and pattern recognition skills improve.
You also master the vocabulary related to magnetism.*

North Meets South

The North and South poles never meet. This maze is all imagination. Help the North Pole reach the South Pole through the maze. Race against yourself and see how fast you can complete.

North

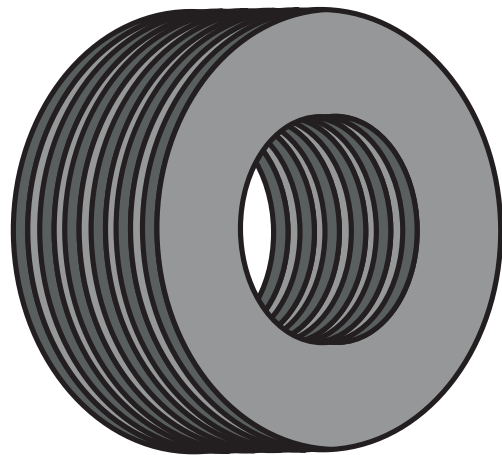

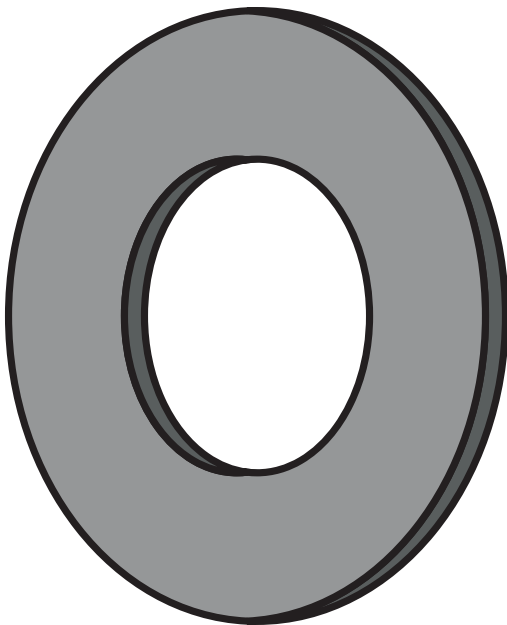

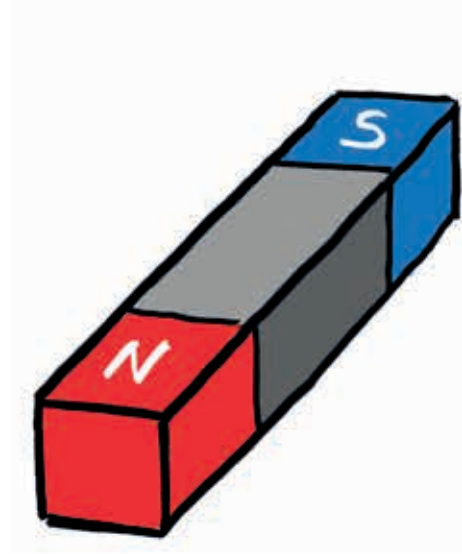

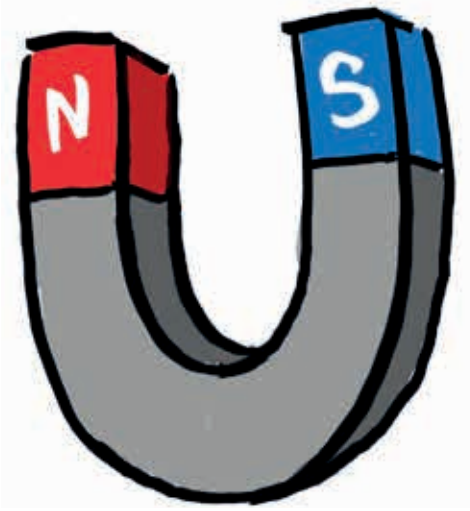

South

How this activity helps?

*Your spatial and pattern recognition skills improve.
Your observation skills are sharpened. How about racing with a friend,
sibling, or your parent in solving this?*

What Type Of Magnet Is It?

Bar, circular, horse-shoe. Oh, what are these? These are the different types of magnets. Each has a different name based on the shape. Match the name to the shape.

How this activity helps?

You learn the names of different types of magnets.

Have you come across magnets of any of this shape somewhere? How about collecting some!
