Ice Cream Vendor

*Ice cream, ice cream....! Here comes the ice cream vendor.
Help your preschooler colour using cotton and paint!*

How This Activity Helps

As your preschooler paints using cotton balls, they experience a unique sensory experience.

Shapes In The Shop

Here is a shop. It has many shapes. Can you name them? Help your preschooler identify the shapes of the objects in the shop. Encourage them to dip their finger in paint and finger-print on the objects!

How This Activity Helps
As your preschooler finger-prints, their tactile sense is enhanced.

Stock The Shelves

Fresh vegetables have arrived and are waiting to be stocked in their respective shelves.

Cut along the dotted lines. Help your preschooler sort and place the vegetables in their appropriate places on the shelves.

Cut Here

Broccoli

Cut Here

Cauliflower

Cut Here

Potato

Cut Here

Beetroot

Cut Here

Tomato

Cut Here

Lady's Finger

How This Activity Helps
As your preschooler sorts and places the vegetable cut-outs in the shelves, their coordination improves.

Complete The Market Scene

...And there is a market vendor who sells fruits of so many varieties!

Introduce your preschooler to the different elements present in a market. Allow them to add colours to the market scene using a colouring tool of their choice.

How This Activity Helps

Your preschooler colour matches and fills colours, which improves their colour sense.

My Shopping Basket

Can you make a basket using paper? You sure can!

Cut along the dotted lines. Help your child assemble the basket. Make creases along the dotted lines, apply glue in the mentioned areas and stick the flaps and tiddly doo! Your basket is ready! Place small items around the room and encourage your child to pretend play by placing the small items inside the basket.

How This Activity Helps

As your preschooler pretend plays with the paper basket, their imagination grows!
How about a rhyme on shopping?

Let's Go Shopping

1 pack of breakfast cereal, 2 chocolate bars.....

Here is a shopping list! Shall we add the items to the shopping cart? Cut out the market items along the dotted lines. Write down different numbers in the boxes corresponding to the market items on the shopping list. Encourage your little one to place the items on the cart! Repeat the game with different numbers.

Shopping List

Breakfast Cereals

Juice Carton

Chocolate Bar

How This Activity Helps
As your preschooler places the market items on the cart based on the shopping list, their cognition improves.

To The Stalls

Looks like the vendors have lost their way!

Help your preschooler dip their fingers in child-friendly paint and trace along the dotted lines to help the vendors reach their stalls. Pssst...just follow the colours!

How This Activity Helps

Your preschooler's coordination improves as they trace along the dotted lines. Discuss with your child the different vendors and the products that they sell.

Compare The Weights

Some elements are light, while some are heavy.

Using the weighing scale, help your child assess the bigger element and colour them using a colouring tool of their choice.

How This Activity Helps
Your preschooler understands the difference between heavy and light which improves their cognition.

Fun With Counting

Apples, Cherries, Carrots and all! Help your grocer sort them all!

Help your preschooler count the total number of same vegetables/ fruits. Trace the numbers indicated on the next page.

How This Activity Helps
Your preschooler learns to count, which improves their cognition.

Market Flash Cards

B for Bread; C for...?

Introduce your preschooler to the letters 'B', 'C', 'M', 'I' using the flash cards. Cut out the flash cards and help them trace over the dotted letters using their finger.

Clothes

Milk

Ice Cream

Bread

How This Activity Helps
As your preschooler traces over the letters, they are introduced to the structure of letters.
