Looks like we need the help of your help to find out what’s hiding among these dots!

Introduce your preschooler to the numbers. Help them connect the dots and colour the rocket ship.

How This Activity Helps
Connecting the dots helps enhance your preschooler’s fine motor skills. Prompt your child to describe the rocket and imagine travelling in it.
Follow The Stars

Zoom... zoom! There go the shooting stars.

Help your preschooler draw along the dotted lines to the shooting stars. Introduce them to shooting stars in a simple manner.

How This Activity Helps

Tracking along the dotted lines prepares your preschooler for writing.
Look at the different elements of space! There colours are missing!

Introduce your preschooler to the names of elements of space. Help them finger-paint the elements using child-friendly paint.

How This Activity Helps

This activity unleashes your child’s creativity and stimulates their fine motor skills.
Rocket Shapes

1... 2... 3...! Off goes the rocket. It has many shapes!

Help your preschooler identify the shapes in the rocket. Prompt them to colour the rocket using the reference as a guide.

How This Activity Helps
This activity introduces your preschooler to the different shapes. Once done, cut and use the rocket as a prop for a space story.
My Space Banner

Get ready for space to the world beyond!

Help your preschooler identify the different space elements and colour them. Encourage them to string the elements together using some yarn through the eyelets.

How This Activity Helps

Lacing the different elements of space enhances your preschooler’s pincer grip. Threading through the eyelets requires and improves your child’s coordination.
Flight Landing

It’s time for the flight to land. But, the pilot seems lost.

Help your preschooler guide the pilot through the path and help land the flight. Encourage them to narrate a story using the different elements in the page.

How This Activity Helps

Guide the flight through the path improves your preschooler’s visual tracking skill.
What a beautiful sky! But, it is empty. Let’s fill it.

Help your preschooler cut the different elements of sky; colour them; and stick them in following page.

**Fill The Sky**

How This Activity Helps

*Your preschooler comes up with own composition of the sky.*

*Encourage your child to identify and talk about where the different elements in the page.*
There are so many stars! Let’s count them.

Help your preschooler count and colour the stars in each row.

**Count The Stars**

- **3**
  - [ ] [ ] [ ]

- **4**
  - [ ] [ ] [ ] [ ]

- **5**
  - [ ] [ ] [ ] [ ]

- **6**
  - [ ] [ ] [ ] [ ] [ ]

**How This Activity Helps**

This activity improves your preschooler's numeracy.

Help your child understand where stars are located; how far away they are; etc.
Up In The Sky

There is something odd in each row! Can you spot it?
Help your preschooler identify the odd one out in each row.

1) Cloud
   Star
   Car

2) Bus
   Rocket
   Auto

3) Tree
   Helicopter
   Aeroplane

4) Planet
   Sun
   Bread

How This Activity Helps
Your preschooler’s observation is put to test as they identify the elements.
Use the different elements given to narrate interesting stories.
**S For Sky**

* R for Rainbow, S for Star, M for Moon. Let’s trace the letters.

Help your preschooler trace along the dotted lines of letters. Introduce them to the different letter patterns.

---

* How This Activity Helps

Your preschooler learns to identify a few letters.

Encourage your preschooler to talk about the rainbow, star, and moon.
